Mr. Chairman, this property is exceedingly valuable. It has been maintained at a very small annual charge upon the treasury. It has not only a water front of a mile, but is divided by the tracks of the New York, New Haven and Hartford railroad. It is delightfully situated on one of he most beautiful rivers of this country, is near a growing and prosperous city, and so located that it might well furnish many uses for the navy if not desired by the department for its present purposes.
